

# Crown Point

The weather man seemed to have a particular dislike for the north Main street merchants, dealing out a brand of weather that hampered the success of their fall festival to a great extent. However, a merry crowd enjoyed the entertainment provided each evening and the merchants feel that despite of the wintry blasts the venture was not in vain considering the weather the affair was successful.

The fire department was called to the Wise home near the Pan-Handle depot on Wednesday morning, a burning chimney causing the blaze which was extinguished by passers by before the arrival of the department, who were late in receiving word.

Rev. Paul Peters and family are moving to Milwaukee, Wis., this week. He has been pastor of the Evangelist church here for several years and many friends of the family regret their departure. He is succeeded by Rev. Stoppel.

Hut Olds of East Chicago was doing business in Crown Point on Wednesday. He is candidate for sheriff on the republican ticket.

Mrs. Henry Sauerman of Chicago and sister, Mrs. Driscoll of California, visited with the Valentine Sauerman family this week.

Mr. and Mrs. Harvey Jones and children of Forest Park, Chicago, will visit with Mr. and Mrs. John Doshier and other relatives at the end of this week. Mrs. Jones will be remembered here as Miss Pauline Pettibone.

Joe Huron of Newcastle, Pa., reached Crown Point on Tuesday and will visit here for several days before returning with his wife and son to their home in the east. They are guests of the N. L. Smith family.

Senator Harding is not blowing his own horn. It's one they lent him just to see if he could play it like he used to in the old town band. He made good. Later Bulletin: It is reported that the Senator extricated himself from the tuba without injury to himself or the horn.

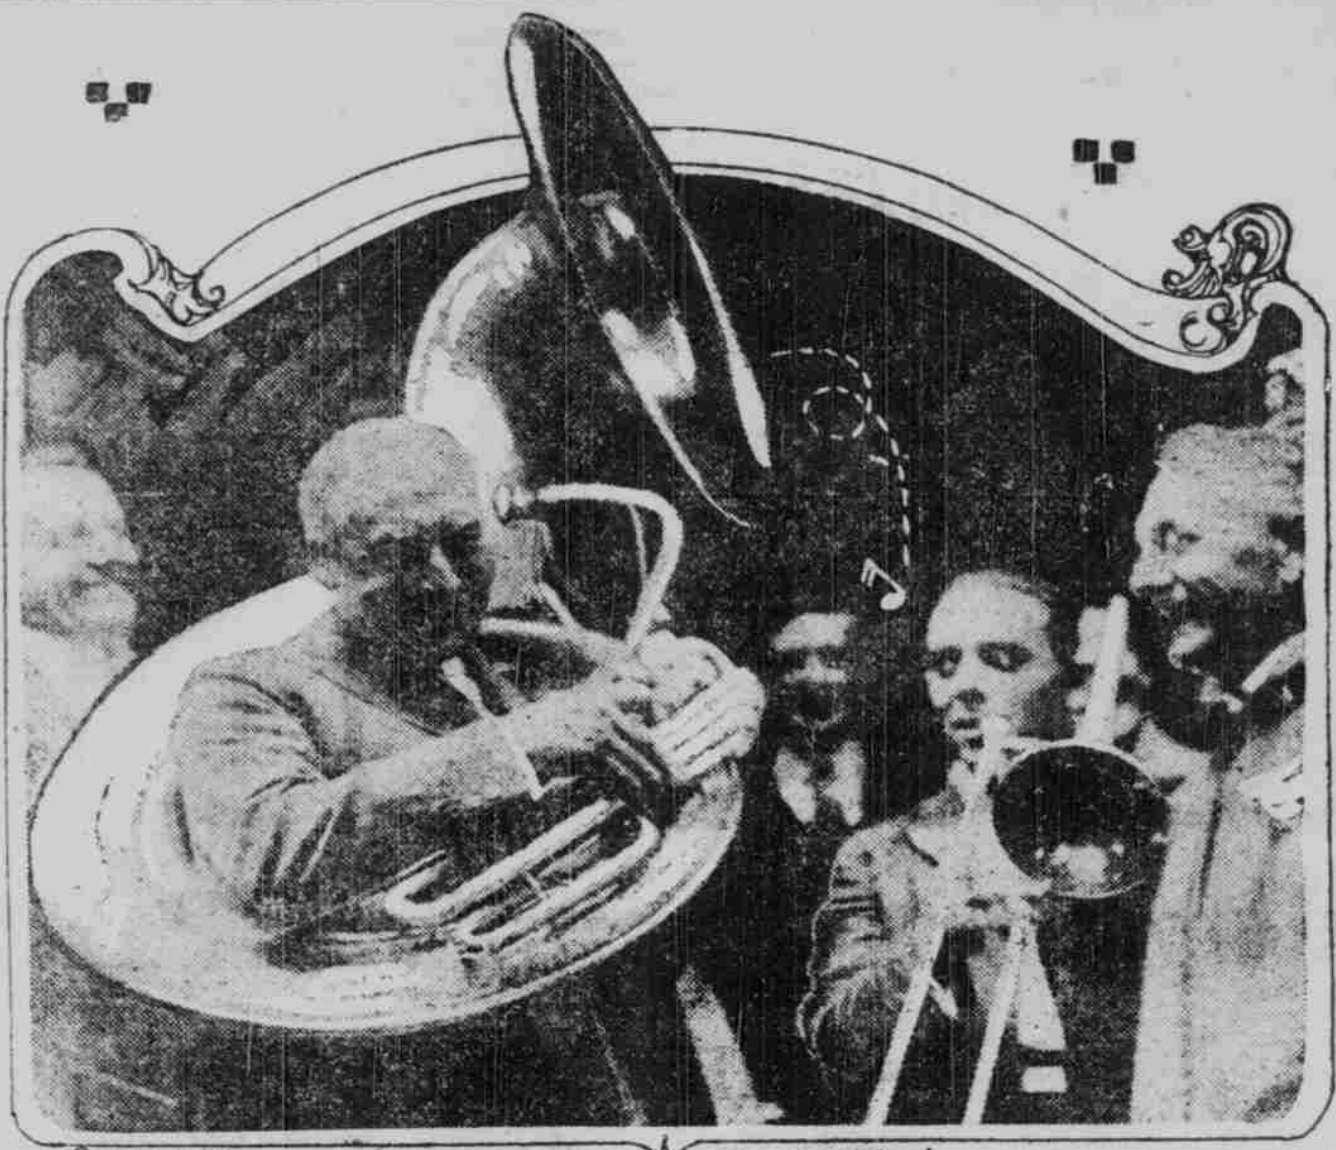

The Letz Social and Athletic club is making splendid progress in getting organized. Pursuant to the appointment of officers on the evening of Sept. 17, when the club organized, and a number of committees were appointed. Last Thursday evening these various committees met at the Letz Mix company office, and made their reports. The bowling committee chairman reported that they had rounded up 12 bowling teams among the boys and men and several of the girls also are in line for playing. Several employees have signified their willingness to play indoor baseball, although the chairman of the indoor baseball committee made the report that a thorough canvass had not as yet been made among the employees to join in this sport. Very good reports were made by the basketball committees, both men and boys and

the girls. Enough material was reported to make up first and scrub teams from both sexes. Rental will be made for the bowling alleys in the city a certain number of hours for certain evenings each week where the bowling teams may bowl to their heart's content. Also Central Music hall will be rented for the purpose of giving the basketball and indoor baseball teams a place to practice. The expectation of the club is to match the basketball teams against the various basketball teams in the county, and as soon as all arrangements can be made, both the male and female teams will start practice getting fit for the season. A series of by-laws were read which were written up by the by-laws committee and met with the approval of those present and will be put on record. At the committee meeting on Thursday evening an entertainment

## Says His Prescription

Has Powerful Influence

Over Rheumatism

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work. He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body. With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system. He freely gave his discovery to others who took it with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Your druggist has been appointed agent for Allenbush in this vicinity with the understanding that he will freely return the purchase money on the first two bottles to all who state they received no benefit.—Adv.

Oct. 1, in Central Music hall, which will be the first social function extended to the members of the Letz Social and Athletic club. After a brief discussion it was decided to call a special meeting of the entire club for Monday evening to take up some matters in question which were to be incorporated in the by-laws before they could be accepted as final. In response to this call a very enthusiastic bunch responded and following the reading of the minutes of the previous two meetings the by-laws were re-read for the purpose above mentioned, as among the things haunting the members was the amount the initiation fee should be set, also the amount of the monthly fees should be set at as well as the date on which all monthly meetings would be held. After a lengthy discussion these were settled to the satisfaction of all present and were incorporated in the by-laws and same accepted as satisfactory and very complete. Immediately followed a discussion of the various winter activities and all reports made show that teams are being organized and practice in these various sports will commence immediately. Henry E. Ruchel, Sr. found it necessary to tender his resignation as president, and Frank M. Fogle, vice president was elected president to succeed Mr. Ruchel and Frank Klarkowski was "put in" as vice president. Supplementing the statements made at the opening of this article, great enthusiasm is being displayed in making this new organization a booming success, and with the co-operation of all the Letz employees, we know it cannot be otherwise. The membership campaign being about completed, the results verify all the above.

## SLACKER'S MOTHER FACES PRISON

PHILADELPHIA, Sept. 29.—Mrs. Emma C. Bergdoll, mother of the military draft dodger, Grover Cleveland Bergdoll and Erwin Bergdoll, today faces a federal prison term of 33 years and a fine, \$50,000, as the result of the conviction of herself and several co-defendants on the charge of conspiracy in the federal court late yesterday. A motion was made for a new trial and the defendants released on bail, which, in all but one instance, was furnished by Mrs. Bergdoll herself.

## Bad Teeth Mean Bad Health

Nowadays physicians accredit many common diseases to bad teeth or the improper care of them.

Decayed food that finds its way from the teeth to the stomach easily enters the blood current.

Neuritis, sciatica, acute appendicitis, diseases of the gall, bladder and ulcerated stomach are natural results of tooth infections.

Even if it is only to have them scaled and properly brushed. Have W. B. Burkett tell you their true condition.

**REMEMBER!**  
DELAY MEANS DECAY and decay waits on no man. A few days will give a cavity full of seething decayed matter time to get beyond the control of the dentist. Do not hesitate—painless methods protect you.
